March 1, 2020

To the Honorable members of the Luxemburg Village Board,

I hereby submit this Annual Report for the year for 2019 to you for your inspection and review. This report has been generated with data captured from the Spillman records management system, as well as crime data submitted to the Wisconsin Department of Justice and Federal Bureau of Investigation.

While this summary report does not give a complete accounting on every action, activity and function of the department, it does give a snapshot into the areas that are often topics of question, such as incident volume and type, as well as citations issued.

Please accept this report on my behalf and feel free to contact me if you have questions.

Respectfully Submitted,

Chris A. Gulbrand

Chief of Police

## Mission Statement

The Luxemburg Police Department will protect, support, and serve those who visit, live, and work in our Village through effective and caring policing.

## 2019 Law Incidents\*\*

\*\* A Law Incident is a call for service that generally requires some sort of officer response and documentation.

<u>Incidents by Number</u>	<u>2019</u>	<u>2018</u>	<u>2017</u>
Total Number of Law Incidents in Village	1005	964	810
Response by Luxemburg PD	518	450	431
Response by Kewaunee SO	487	514	377

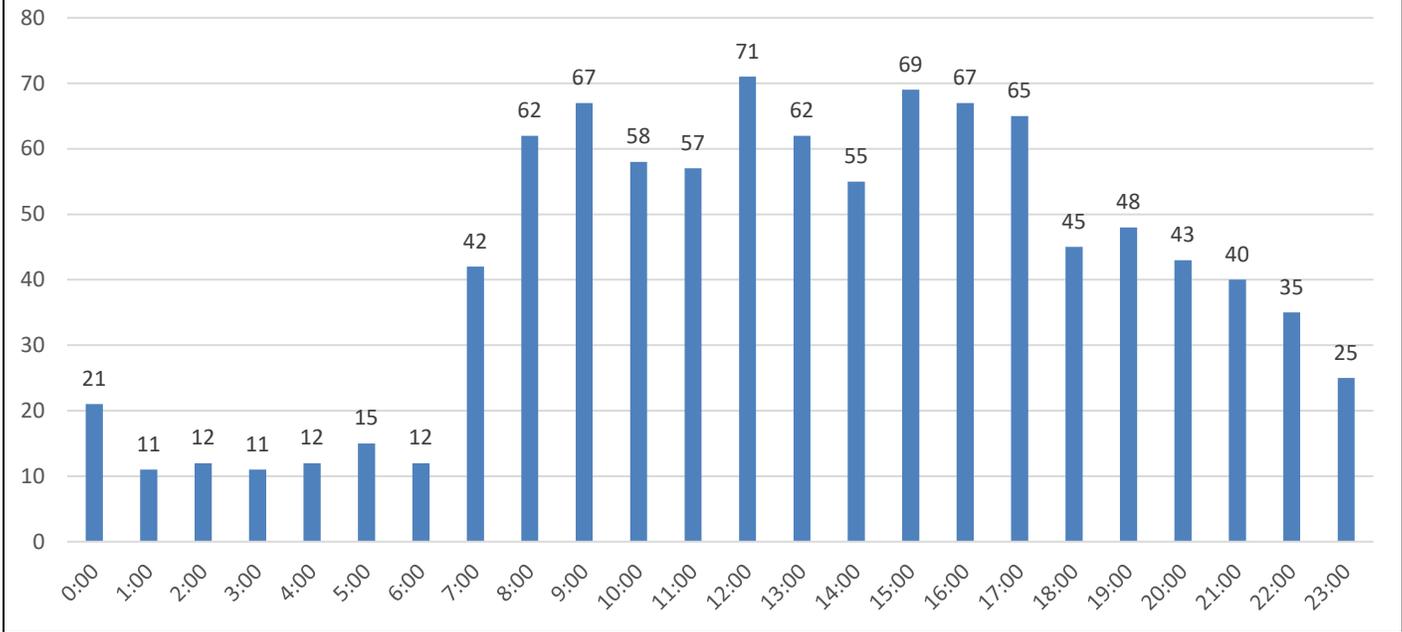

Since the year 2017, reported incidents occurring within the Village have increased from 810 to 964 (2018) to 1005 (2019), which is an overall increase of 24%. This may be caused by factors such as increased activity, increased reporting and increased enforcement.

2019 Total Incidents by Hour of Occurrence in Village

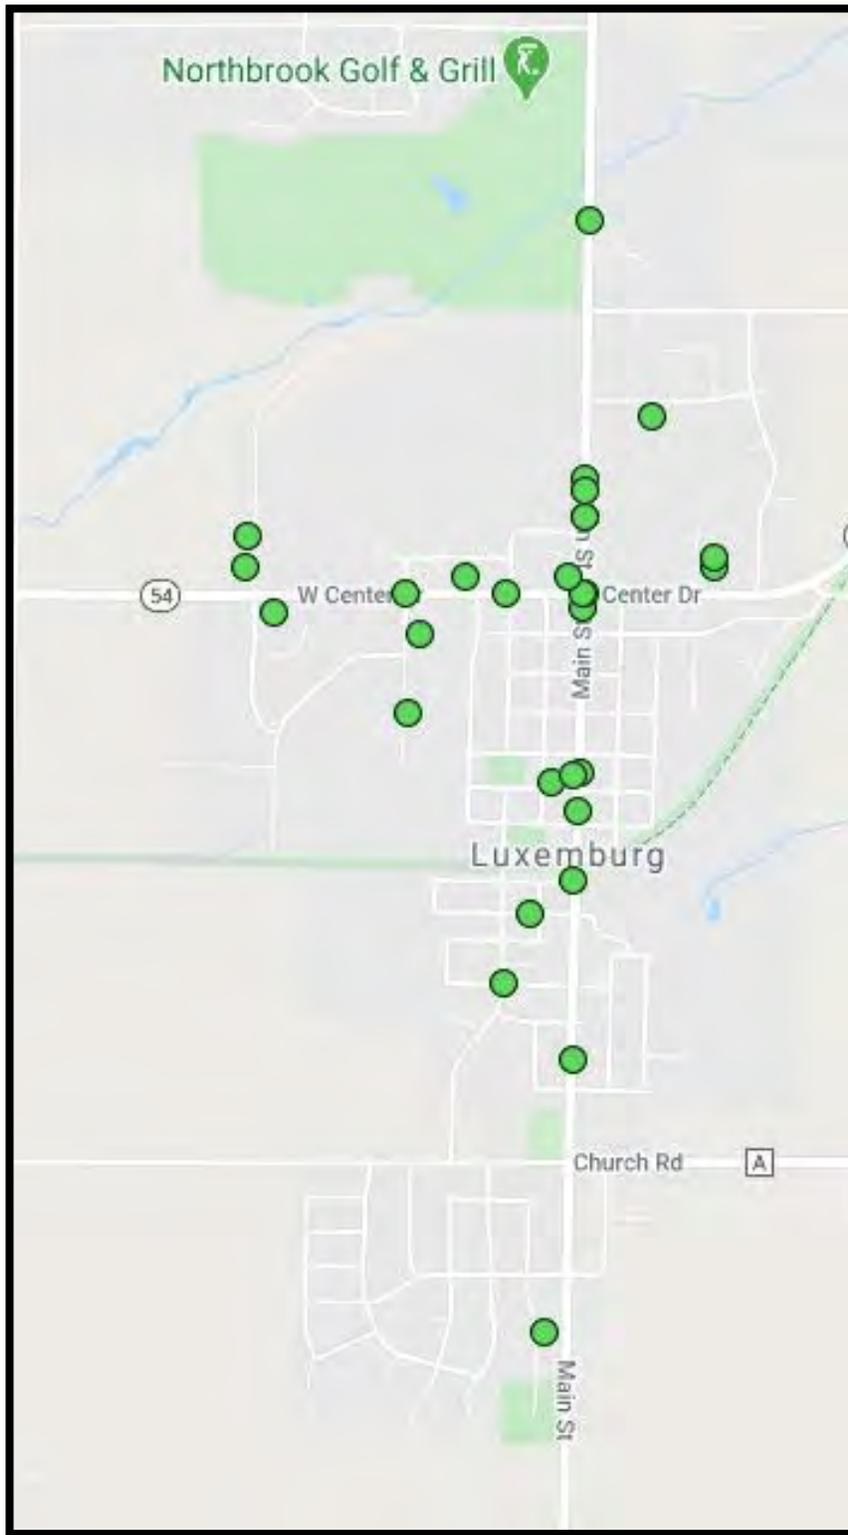

Ninety-one percent (91%) of all Village incidents take place between 7AM and Midnight, and of those seventy-six (76%) of all incidents take place between 7AM and 7PM.

Total Incidents by Month in Village 2017-2019

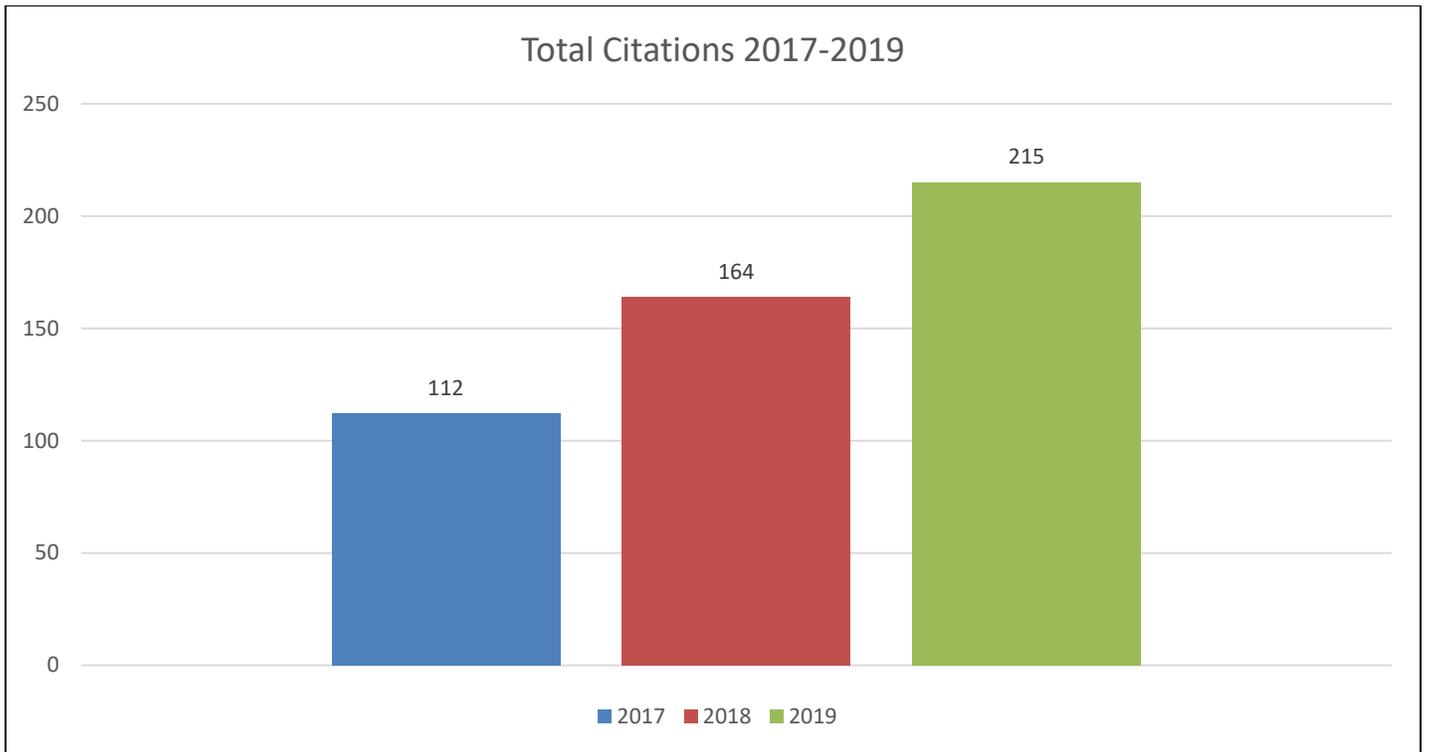

Historically, July is usually the busiest month for incidents with an average of 91 incidents and March is the slowest with an average of 63 incidents.

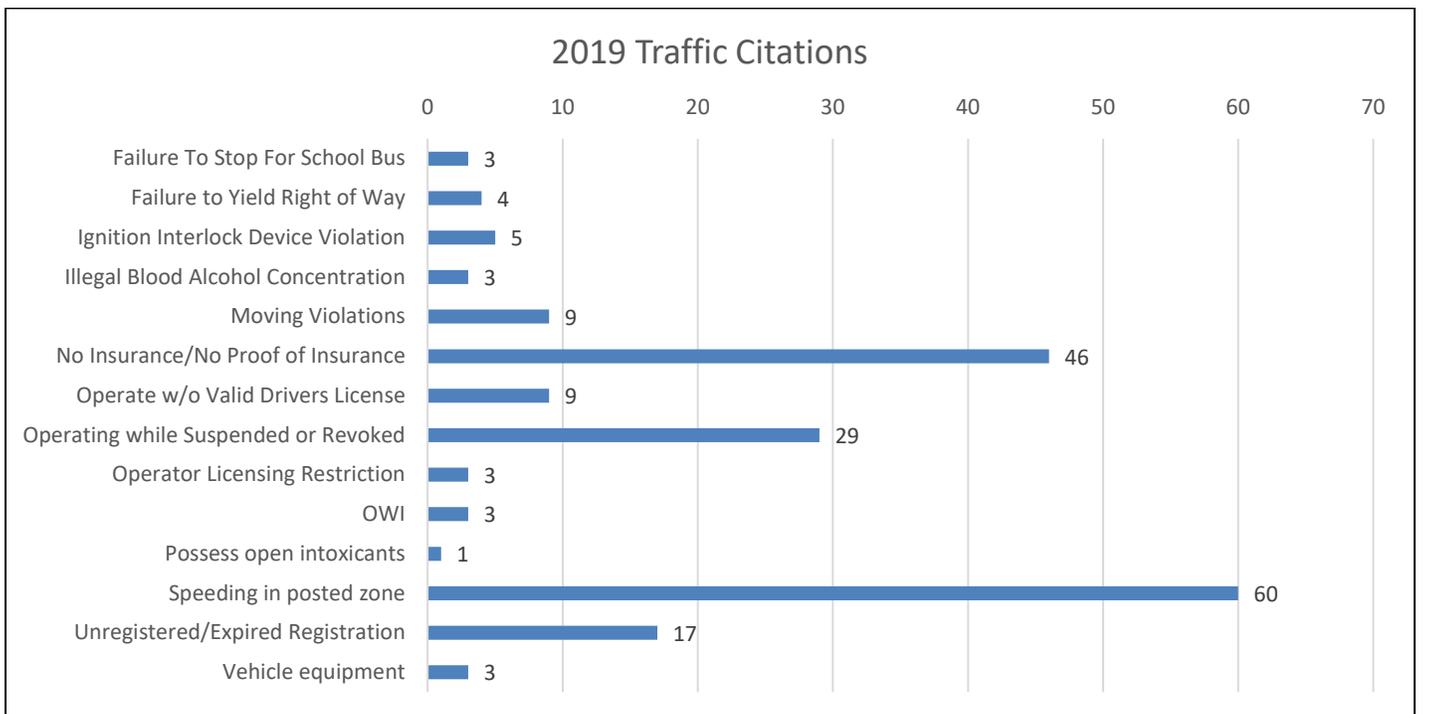

● Fatality ● Injury (A) ● Injury (B) ● Injury (C)  
 ● Property Damage

Wisconsin DOT Crash Mapping Table 2019

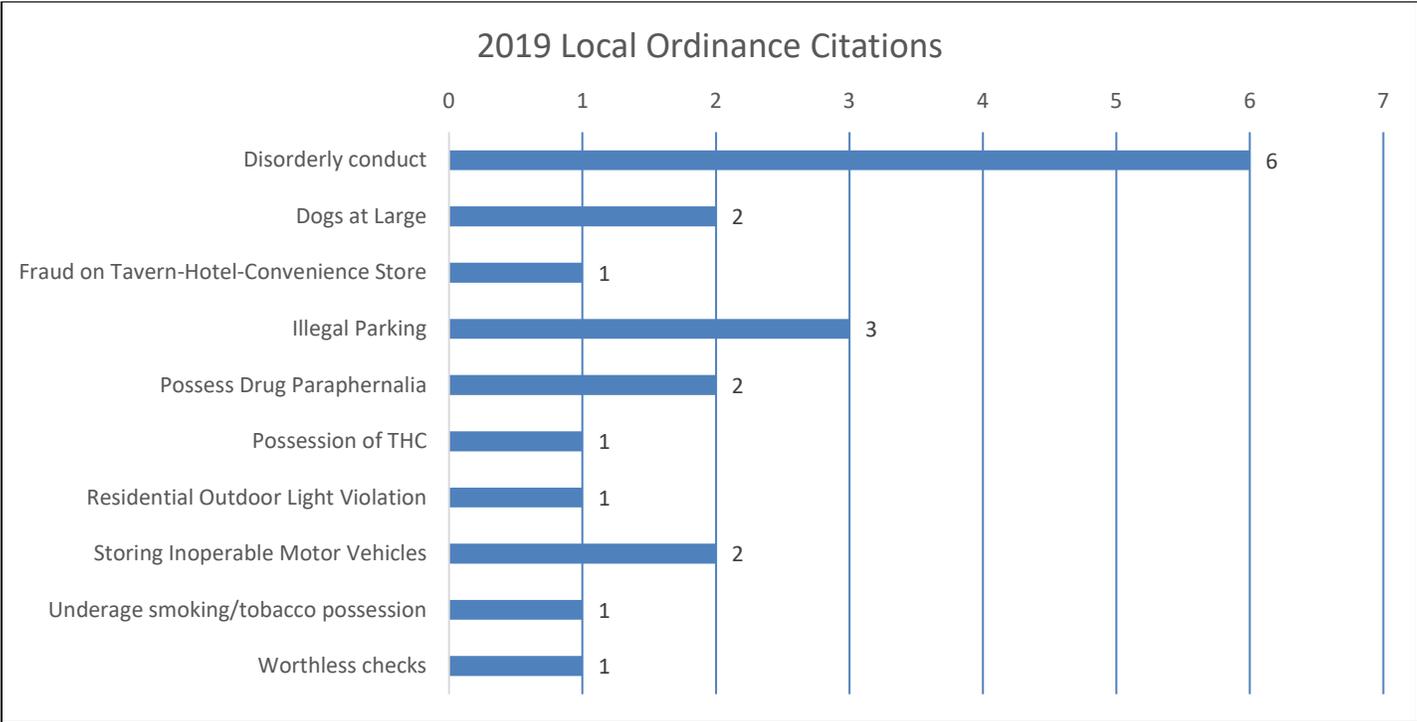

There were 42 crash incidents reported within the Village. Of this number, there were 28 investigated by the Luxemburg Police Department. A total of 27 of these 42 incidents were reportable to the State. There were no fatal or personal injury crashes in 2019. There also were 8 no damage crashes reported.

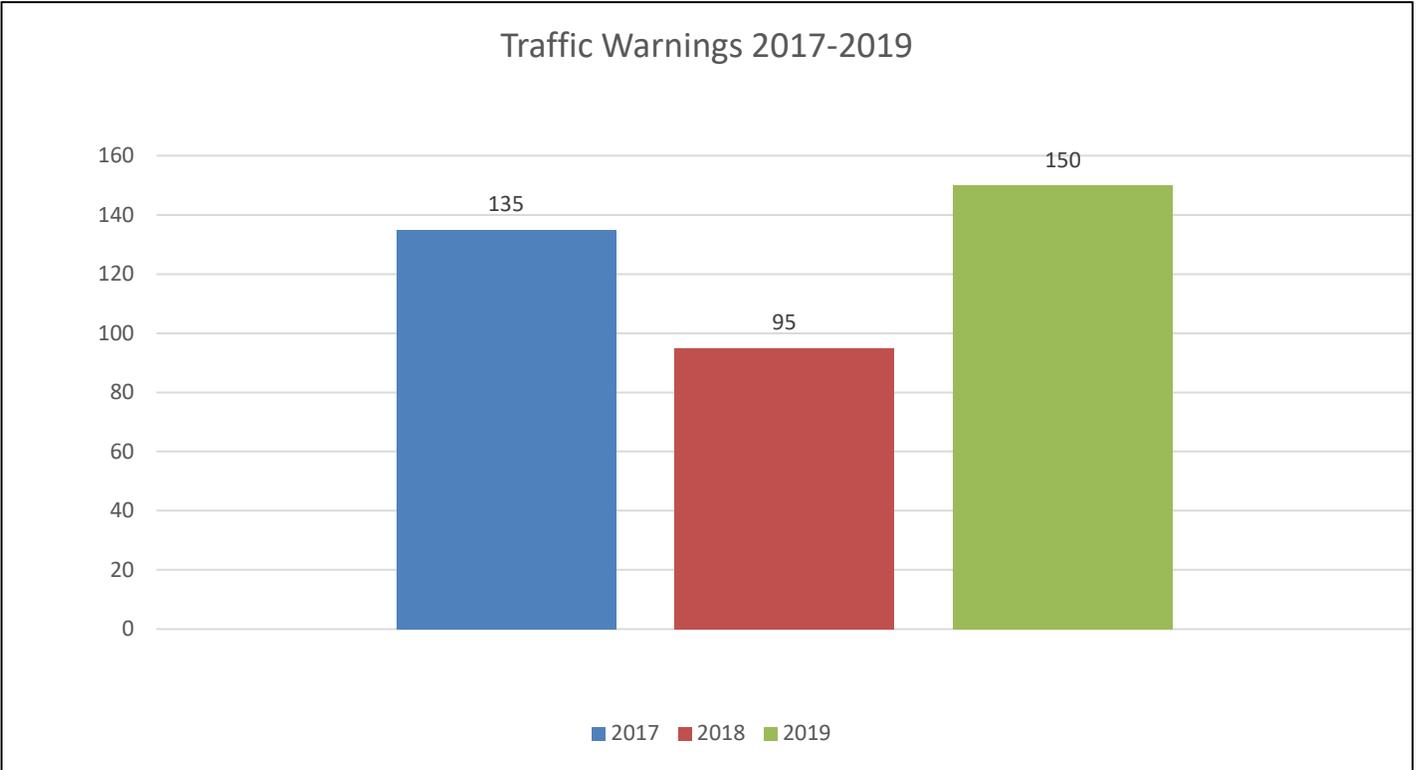

Since 2017, the number of total citations (traffic and local ordinance) that have been issued has increased by 92%.

Many traffic citations are issued for speeding, vehicle insurance violations, and revocation or suspension of driver's license.

Local ordinance citations are not issued too often, but when they are, they are usually issued for disorderly conduct.

Traffic warnings are often issued to gain lawful compliance from motorists when the infraction does not rise to the level of the issuance of a citation or when equipment violations need to be repaired, such as headlamp or tail lamp issues.

#### Counting Rules

Counts on this page are based on the month of the incident or arrest, rather than the month the incident was submitted. If the incident date is unknown, the report date is used. Counts are subject to change as data are updated.

Offense counts are calculated based on the number of offenses for each victim (per incident) for Crimes Against Persons and the number of unique offense types (per incident) for Crimes Against Property and Crimes Against Society. For burglary and motor vehicle theft, offense counts are based on the number of premises entered and the number of vehicles stolen, respectively.

Victim counts are calculated based on the number of victims connected to each unique offense type in an incident. For Crimes Against Persons, the number of victims will be equal to the number of offenses. Victims will be counted more than once if they are connected to multiple offenses.

Arrest counts are calculated based on the number of arrestees listed on a Group A or Group B incident. Each arrestee is counted only once per incident.

Arrests are categorized based on the specific Group A or Group B arrest code submitted by the agency, rather than the incident offense code. Since agencies only submit the most serious arrest charge for each arrestee on an incident, arrest counts are not indicative of the number of charges.

Incidents are cleared in one of two ways: by arrest or by exceptional means. Clearance counts are based on the number of offenses cleared in a given month regardless of when the offense occurred, and can therefore be greater than the number of offenses in a given month. In incident-based reporting, the first arrest on an incident, or an exceptional clearance, will clear all offenses associated with the incident.
